    A quick overview of my background, interests, and what I'm
currently working on.
</p>
</div>

<article class="about-card">
    <div class="about-body">
        <p>
            I'm a first-year B.Tech student in Computer Science and
Engineering (AI &amp; ML)
            at <strong>KIET Group of Institutions</strong>. I'm deeply
interested in technology and
            innovation, and I enjoy understanding how things work under
the hood.
        </p>
        <p>
            Right now, I'm focused on learning <strong>web
development</strong> and
            <strong>programming</strong>. I like building small but
meaningful projects that solve real problems,
            while exploring new tools, frameworks, and ways to write
clean, maintainable code.
        </p>
        <p>
            I don't have formal work experience or internships yet, but
I'm actively
            <strong>building personal projects</strong>, contributing to
my GitHub, and sharpening my
            skills as a developer and communicator.

INSTITUTION

KIET Group of Institutions

FOCUS

Web Dev · Programming · AI/ML

Exploring web development, C programming, and AI/ML by building

● Open to learning & collaborations

ABOUT

Who I am

A quick overview of my background, interests, and what I'm currently working on.

I'm a first-year B.Tech student in Computer Science and Engineering (AI & ML) at **KIET Group of Institutions**. I'm deeply interested in technology and innovation, and I enjoy understanding how things work under the hood.

Right now, I'm focused on learning **web development** and **programming**. I like building small but meaningful projects that solve real problems, while exploring new tools, frameworks, and ways to write clean, maintainable code.

I don't have formal work experience or internships yet, but I'm actively **building personal projects**, contributing to my GitHub, and sharpening my skills as a developer and communicator.

SKILLS**What I'm learning & using**

I'm building a strong foundation in programming and the web stack, while also improving my communication and collaboration skills. These are the core skills I'm actively using and growing through projects and coursework.

TECHNICAL SKILLS

• C Programming • HTML • CSS • JavaScript

SOFT SKILLS

• Communication

PROJECTS**Selected Work**

A snapshot of the projects I've built to practice web development and solve real-world problems.

Travel Website

A travel website that recommends places to visit and calculates journey expenses. Includes sections for suggested destinations and simple cost estimation based on user input.

HTML CSS JavaScript

 View on GitHub

Drone Marketing Website

A sample drone marketing website designed as a clean landing page to showcase product features, benefits, and visuals. Focused on layout, clarity, and a modern marketing feel.

HTML CSS

 View on GitHub

CONTACT

Let's connect

Feel free to reach out for collaboration, feedback on my projects, or opportunities to learn and grow. I'm always open to connecting with people who are excited about tech, web development, and AI/ML.
